The Tenant Improvement Permit Packet includes the following:
1. Commercial Building Permit Application
2. Instructions
3. Preliminary Questionnaire
4. Color and Material Sample Sheet
5. Outdoor Lighting Application
6. Sign Permit Application
7. Customer Survey Form

Although you are building under the main jurisdiction of the City of Sedona, the information contained in this application packet may not list all requirements or regulations specific to your individual building project. If you need detailed information regarding specific requirements within your project, it is recommended that you contact the following agencies or offices with your concerns:
- Oak Creek Water - 928-282-3404
- Yavapai County - 928-639-8100
- Coconino County - 928-774-5011
- Sedona Fire District - 928-282-6800
- Arizona Public Service - 928-282-4000
- AZ Water Company - 928-282-5555
- Unisource Gas Company - 928-282-3919

➤ It is illegal to operate a Business without a valid Certificate of Occupancy.

Relevant Ordinances & Timelines
The relevant ordinances governing this permit are:
- City of Sedona Land Development Code requirements, Articles 1-19
  [www.codepublishing.com/AZ/sedona/ldc.html](http://www.codepublishing.com/AZ/sedona/ldc.html)
- City of Sedona City Code, Chapter 15 Buildings and Construction [www.codepublishing.com/AZ/sedona](http://www.codepublishing.com/AZ/sedona)

Per these Ordinances, established by the Sedona City Council and Community and Economic Development Department, the following time frame applies:

<table>
<thead>
<tr>
<th>Administrative Completeness</th>
<th>Substantive Review Time Frame</th>
<th>Overall</th>
<th>Authorizing Code</th>
</tr>
</thead>
<tbody>
<tr>
<td>21 business days</td>
<td>21 business days</td>
<td>42 business days</td>
<td>City Code Title 15</td>
</tr>
</tbody>
</table>

NOTICE:
All applicants are entitled to request and receive a clarification from the City of Sedona regarding it’s interpretation or application of any statute, ordinance, code or authorized substantive policy statement as required by Arizona Law, A.R.S. §9-836. You should send a written request, by letter or email, identifying the provision needing clarification, any facts relevant to the requested ruling, your proposed interpretation, and if the issues concern an existing license or a license application.
STEPS FOR OBTAINING A TENANT IMPROVEMENT BUILDING PERMIT
1. Complete application and questionnaire. The application can be downloaded from the Community Development website at sedonaaz.gov/cd. Click on the “Permits” button on the left hand side of the Community Development web page.
2. If access to the Internet is not available, a paper copy can be obtained from the City of Sedona Community Development Department at 104 Roadrunner Drive or by calling 928-282-1154.
3. Applicant must complete the application and submit it to the Community Development Department. Complete instructions, necessary information and applicable fees are included in the Tenant Improvement Building Permit application. Upon receipt of the application, Community Development Department and Public Works staff will review the application. Applications considered deficient will be returned.
4. Upon final review and approval by Community and Department and Public Works staff, the Community Development Department will issue the permit at the front counter.

For questions about obtaining a Tenant Improvement Building Permit please contact the Community Development Department at 928-282-1154.

For questions regarding grading, drainage or sewer capacity fees please contact Public Works at 928-204-7111.

PERMIT APPLICATION INSTRUCTIONS
The following outlines the typical information needed for a commercial business to obtain a Tenant Improvement Permit for remodeling the interior of an existing commercial building.

Building Permit Information

- PERMIT TYPE
  Indicate “Tenant Improvement” and the type of business, such as Retail, Office, Restaurant, etc.

- PROJECT LOCATION
  Community Development staff can assist you in providing the following information if you cannot obtain it on your own:
  - ASSESSOR’S PARCEL #
  - LOT NUMBER and SUBDIVISION (If applicable)
  - SUITE NO. and BUILDING NAME (If applicable)

- BUSINESS NAME
  Provide the name under which the business will be operating.

- OWNER INFORMATION
  Provide the name of the tenant leasing the commercial space, if it is someone other than the owner. When the project is completed and approved for occupancy, a Certificate of Occupancy will be issued in the name provided.
  - Provide the complete mailing address of the owner or tenant listed.
  - Provide at least one phone number of the owner or tenant listed.

- CONTRACTOR
  Generally, all work must be done by licensed contractors. Improvements to existing structures may be constructed by either a licensed general contractor or licensed specialty contractors hired individually.

  Any questions regarding contractors or license regulations should be directed to the Registrar of Contractors in Phoenix (602-542-1525) or Flagstaff (928-526-2325).

  If a general contractor will be used for your project, the state requires that you provide:
  - CONTRACTOR NAME AND ADDRESS
  - LICENSE TYPE and NUMBER
  - SALES TAX NUMBER

  If individual, licensed specialty contractors are utilized for the work, indicate “Owner” for CONTRACTOR and complete the “Owner-Builder/Developer Statement” provided by this department. List the name, license and sales tax number of each specialty contractor on the back of the “Owner-Builder/Developer Statement”.

ARCHITECT / DESIGNER / AGENT
State regulations require professional design and construction drawings for any structure exceeding 3,000 square feet or having an occupant load of more than 20, and require professional engineering for services greater than 600 amps, single phase or 225 amp, 120/208 volts, three phases.

- Provide the name, address and phone number of your architect, designer or agent (if applicable).

Professional design is recommended. The plans examiner may also require engineering for other elements of any structure if determined necessary.

COMMERCIAL SQUARE FOOTAGE
Provide the floor area of the Existing Commercial space.

BUILDING DETAILS
Indicate the number of stories.

Plan Review Deposit
A Plan Review Deposit of $50 is required at the time an application is submitted for a Tenant Improvement Permit. The deposit is applied toward the total permit fees calculated by the plan reviewer.

Plans Required
- 5 Complete Sets of Plans
  - No site plans necessary for interior-only work
  - The minimum size for all plans submitted shall be at least 18” x 24”
  - All plans shall be drawn to scale and dimensioned.
  - Plans must be clear and legible and present enough information to allow a thorough review to be performed by zoning, engineering, flood control and building safety staff members.
  - Plans considered deficient will be returned before processing the application.

FLOOR PLAN
- Note all adjacent tenant space uses.
- Show existing walls and indicate those to remain and those to be removed.
- Show new walls and partitions.
- Label all rooms according to use.
- Show door sizes and direction of swing. Indicate whether new or existing.
- Show window locations, size and type. Indicate whether new or existing.
- Identify all appliances and plumbing fixtures. Indicate whether new or existing.
- Show all proposed and existing stairs, ramps and handrails. Indicate rise and run.
- Indicate the location and construction of all proposed and existing fire-rated walls and ceilings.
- Specify the handicapped accessibility improvements that are being made to structure.
- New and existing restrooms must be drawn to a minimum scale of 1”=1’. Show all ADA requirements.

ELECTRICAL PLANS
(May be shown on Floor Plans)
- Show location of outlets, switches, and lights.
- Show location of proposed and existing sub panels.
- Show smoke detector, emergency lighting and exit sign locations.
- Panel schedules and load calculations may be requested by the plans examiner.

MECHANICAL PLANS
(May be shown on Floor Plans)
- Location, size and type of all heating and cooling equipment.
- Indicate provisions for combustion air and venting of gas-fired appliances.
- Show size and location of Type I hoods, exhaust fans and make-up air; detail hood protection and duct shaft requirements.
- Indicate provisions for mechanical equipment screening.

PLUMBING PLAN
(May be shown on Floor Plans)
- Show all plumbing fixtures and floor drains. Indicate whether new or existing.
- Show grease trap or interceptor; indicate sizing calculation.
- Indicate proposed gas line sizes.
- Indicate proposed drain, waste and vent pipe sizes.
- Indicate proposed water line sizes.

OUTDOOR LIGHTING
- Before a permit can be issued, information regarding all outdoor lighting is required. All proposed lighting must comply with the Outdoor Lighting Ordinance; Section 911 of the Land Development Code, and the following must apply (application within):
• Commercial additions less than 25% must submit a site plan and complete inventory detailing all existing and proposed outdoor lighting.
• Commercial additions greater than 25% must bring the entire site into conformance with all outdoor lighting requirements.
• All lighting fixtures are required to be fully shielded and installed so that the shielding complies with the definition of fully shielded light fixtures.
• Partially shielded light fixtures may be allowed, and are limited to a maximum of 5,500 lumens per net acre and shall not exceed 2,000 lumens per lamp.
• Total outdoor light output shall not exceed 100,000 lumens per net acre.

Design Criteria and Adopted Codes
☐ 2006 International Building Code
☐ 2006 International Fuel Gas Code
☐ 2006 International Residential Code
☐ 2006 International Plumbing Code
☐ 2006 International Mechanical Code
☐ 2005 National Electrical Code
☐ Roof Live Load -- 25 PSF (ground snow)
☐ Wind Load – basic wind speed (3 second gust) is 90 mph.
☐ Wind Exposure B (unless a specific site is located in exposure C)
☐ IRC seismic design category: C (soils class D)
☐ IBC seismic category: C for groups I and II
☐ IBC seismic category: D for group III
☐ IBC: MCE map values:
  o Ss=32.2 % g (short period map value)
  o S1=09.1% g (1.0 sec period map value)
☐ Site class (w/o soils report): D
☐ Soil Bearing -- 1500 PSF maximum unless a higher value is substantiated by soils testing.
☐ Rainfall: 2.5" per hour

Handicapped Accessibility
Federal and state regulations ARS 41-1492.02 F.4. require the removal of barriers in existing facilities that may limit accessibility to commercial uses by disabled citizens. The standards for providing accessibility is the Americans with Disabilities Act Accessibility Guidelines (ADAAG). A copy may be viewed at Community Development. Even if you are not making modifications to a commercial space, both the tenant and/or property owner are responsible for removing any architectural barriers that limit accessibility and don’t comply with ADAAG.

If improvements are being made, all new and proposed work must comply with ADAAG. In addition, 20% of the cost of the alterations must be used to remove existing barriers and improve existing facilities to meet the standards of ADAAG. In choosing which elements to provide, priority should be given:
• Accessible parking and entrance.
• Accessible route throughout the building.
• At least one accessible restroom.
• Accessible telephones and drinking fountains.

Fire Sprinkler Systems
Fire sprinkler systems are required for all new commercial structures. Additions and remodels of existing non-sprinkled structures is required when the valuation of the proposed improvements exceed 10% of the valuation of the existing structure.

Improvements to existing sprinkled buildings may require the relocation of existing fire sprinkler heads.

The system design, modifications and installation will be reviewed and approved by the Sedona Fire Department located at 2860 Southwest Drive, Sedona. 928-282-6800.

Zoning Approval
Zoning staff will review and approve the type of business you are proposing relative to the allowable uses in that particular Land Use Zone. You must complete the attached Commercial Preliminary Questionnaire. Community Development staff can assist you in determining if your business is allowed in a specific location.

Tenant improvement permits do not authorize any exterior modifications to the existing structure. If you are planning to make any alterations to the exterior of the building, call 282-1154 prior to applying for a Tenant Improvement Permit.

Sign Permits
Commercial signs require separate applications and permits. Submittal information and applications are available at Community Development; Call 928-282-1154 in regard to sign regulations.
Processing Times
Plans and permit applications are processed on a first come first serve basis. Review times vary with the complexity of the project, the current volume of permit applications, and the quality of the submittals received.

Subsequent submittals and additional time are sometimes required to address significant corrections or obtain other agency approvals before the permit can be issued.

Fees
■ TENANT IMPROVEMENT PERMIT
Plan review and permit fees are calculated when the plans have been reviewed. Fees for remodels are based upon a percentage of that calculated for a new structure and vary considerably with the extent and nature of the improvements.

■ SEWER CAPACITY FEE
Sewer capacity fees are due and payable at the time the building permit is issued for those properties authorized to connect to city sewer. Generally, for those properties connected to the City sewer, the proposed use or business cannot discharge more waste than currently authorized. The wastewater discharge of various uses and businesses are established by the Base Sewer User Rates table.

Engineering staff (204-7111) can determine if a particular property is connected to the City Wastewater System, what the current authorized discharge is, and whether the current discharge can be increased. If an increase in discharge is allowed, an additional capacity fee will be assessed and is due and payable at the time the permit is issued.

■ INDIVIDUAL WASTE TREATMENT SYSTEMS
An approved, on-site sewage disposal system is required if your property is not served by City sewer. If the improvements include additional plumbing fixtures or will increase current discharge, you may be required to verify that the existing treatment system is adequate for the increased discharge, or improve the existing system.

If you have concerns or questions relative to the adequacy of the existing treatment system, you may contact:

Yavapai County Environmental Services
6th and Mingus Avenue Cottonwood, AZ 86326
928-639-8136

Coconino County Health Services
2500 N Fort Valley Road Flagstaff, AZ 86001
928-774-8941

Arizona Department of Environmental Quality
1515 East Cedar Avenue, Suite F,
Flagstaff, AZ 86001, 928-779-0313

■ STATE SALES TAX
For licensing information, contact The Arizona Department of Revenue at (602) 542-4576 or (800) 634-6494.

Business License
A City of Sedona Business License is required when doing business in Sedona. To obtain a City of Sedona business license contact the City Finance Department or go to: www.sedonaaz.gov.

Expiration of Plan Review and Building Permits
Permit applications expire 180 days after the date of submittal, unless a permit is issued.
Tenant Improvement Permits expire 180 days after the date of issuance, unless the permitted work has commenced and diligently pursued to completion. Progress inspections must occur at least every 180 days in order to keep the permit active.

Requests for permit extension are available from Community Development. An extension may be granted for unforeseeable and justifiable delays. The fee for an extension is $50.00.

Certificate of Occupancy shall not be granted without a successful Final Inspection and Approval from the Building Department and the Sedona Fire District.

It is illegal for a Business to operate without a valid Certificate of Occupancy.
Construction Inspections
All of the customary inspections required are listed on the job card you receive when your permit is issued. The particular inspections applicable to each project will vary, dependent upon the nature of the construction. You may contact the Building Department staff in order to determine the specific inspections required for your project.

It is the applicant’s responsibility to call for all required inspections. No portion of the work can be covered, concealed or put into use until approved by the inspector.

A final inspection of the project must be requested prior to opening for business or occupying the structure. Failure to do so prior to occupying the structure may result in termination of utilities.

Inspections are conducted between 7:30 a.m. and 3:30 p.m. Monday through Friday. Inspections are scheduled by calling 928-282-3268 by 3:00 p.m. the day prior, and leaving a “voice mail” message, please leave permit number and type of inspection.

Partially Shielded Fixtures - Lumens Proposed:

TOTAL LUMENS PROPOSED:
(fully + partially shielded fixtures)

*Total outdoor light output shall not exceed 100,000 lumens per net acre for all development except single-family residential uses. This cap is not intended to be achieved in all cases or as a design goal. Instead, design goals should be the lowest levels of lumens necessary to meet the lighting requirements of the site. Partially shielded light fixtures are limited to a maximum of 5,500 lumens per net acre and are counted towards the 100,000 lumens per net acre cap.
Outdoor Lighting Application  
Part 2 – Inventory

Lighting Inventory and Lumen Calculation Table
- Refer to page 3 for an example of a plan view diagram and completed table.
- List all new or proposed lighting first, then any existing light.
- Include any lighting proposed for external illumination of signs.
- Attach photometric data sheet or manufacturer’s product description for all lights, both new and existing (must include lumens). If such data is not available for existing fixtures that will be retained, include photographs of the fixtures showing sufficient detail to determine the shielding characteristics.
- Please include a Site Plan identifying all proposed and existing lighting fixtures.

Sign Permit Requirements

- A sign permit is required when installation of a new permanent or temporary sign or substantial alteration of an existing sign is proposed. Standards relating to the uses, locations, types, heights, colors, and illumination of signs are as set forth in the adopted Sign Regulations of the City of Sedona (copies available upon request).

- A **completed** application addressing **all** required submittal information must be provided prior to the acceptance of permit fees or deposits.

- Please be advised that new businesses or new business owners are required to obtain a Tenant Occupancy Permit prior to occupancy of any building.

- A licensed sign or other approved contractor may be required for the installation of permitted signs.

- If the applicant is not the business owner or the property owner, a letter of authorization from the business and/or property owner is required.

**MINIMUM SUBMITTAL REQUIREMENTS FOR PLAN REVIEW:**

- Sign Permit Application completely filled out
- 2 complete sets of plans
- $25.00 plan review deposit

**PLAN REQUIREMENTS**

**Site Plan:**

- Drawn to scale and including the following:
  - Property lines with dimensions, abutting street right-of-way, easements, driveway, curbs and sidewalks. Include dimensions of street frontages.
  - Building dimensions, parking areas, and if applicable, adjacent buildings or structures.
  - Location of utility lines, poles, and outdoor lighting fixtures.
  - Location of all existing signs and proposed new signs. Identify signs to be removed.
  - Location of landscape areas and existing trees.

**Building Elevation:**

- Profile view from the street towards the building(s), fully dimensioned showing rooflines, windows and doors, awnings and site features, include the following:
  - Location of existing and proposed wall signs.
  - Identify signs to be removed.
  - Dimension of wall that sign is located on.
  - Frontage of building(s) facing street(s) in feet.
  - Height of signs measured from grade.

**Sign Plan:**

- Show elevation of sign, dimensions, foundation detail, colors, materials, style of letters, copy, illumination, and include the following:
  - Length, width and depth of sign area and of individual letters.
  - Structural and foundation details of freestanding signs.
  - Electrical connections and wiring detail.
  - Source of illumination and combined wattage (if any).
  - Additional color and material samples, as may be requested.

**NOTE:** Sign permits expire if authorized construction work does not commence within 60 days from the date of issue, or if at any time prior to final inspection and approval, the work is suspended or abandoned for a period of 60 days.
Customer Satisfaction Survey

We are currently in the process of evaluating our customer service, and need your feedback so we may improve even further. Please take a moment to complete the survey below, and let us know how we are doing.

How was contact made?
