Water Usage-Based Billing

Please provide the name of your local water provider. Billing will be based on the average monthly usage from January to December for the prior year. By signing below you authorize the City to contact your water provider and provide usage history on all accounts associated with the business. If your provider is unable or unwilling to provide the City the usage information, we will contact you and request that you provide the necessary information. In the alternative, you may provide the City copies of your recent water history for 12 months. If the City is unable to obtain complete water usage information, the account will be billed under the per unit method.
