**\$ FY25 Project Budget:** \$8,215,340

This project is a result of the Transportation Master Plan. It was identified by Council as a high-priority project. The connection provides an alternative transportation corridor for residents living in the Uptown area, when traveling to and from West Sedona. Land acquisition will be necessary to make this a public connection. A final Feasibility/Concept Design for Forest Road Connection identified two alignment options. Staff received direction from City Council to pursue Alignment Option 1, which extends Forest Road westerly and then southerly to connect with SR 89A approximately 300 feet west of the Brewer Road roundabout.

**Status:** Forest Road is now open for the public to drive. The contractor has a few more items to finish up, including landscaping.
